Art Unit: 1754

The following is an examiner's statement of reasons for allowance: The rejections made in the last Office Action are being withdrawn, for the reasons presented by applicant in the remarks of April 25, 2005.

Supported noble metal catalysts wherein the noble metal is disposed on the support in the form of a cluster of crystals are known. (See, for example, McVicker et al (US 4,154,751); Gratzel et al (US 4,847,231); and Heineke et al (US 6,197,720).) However the prior art does not teach, disclose or suggest that the size of the cluster should be between about 0.1 micron and about 20 microns. Nor would there be any motivation in the prior art to provide the catalyst with a noble metal cluster size of between about 0.1 micron and about 20 microns.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Wayne Langel whose telephone number is 571-272-1353. The examiner can normally be reached on Mondays to Fridays from 8 to 3:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Stanley Silverman, can be reached on 571-272-1358. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
